

# INCOTERMS 2000

## Terms and Definitions

When negotiating an international sales contract, both parties need to pay as much attention to the terms of sale as to the sales price. To make it as clear as possible, an international set of trade terms (INCOTERMS) has been adopted by most countries that defines exactly the responsibilities and risks of both the buyer and seller including while the merchandise is in transit.

\* There are actually two FCA terms: FCA Seller's Premises where the seller is responsible *only* for loading the goods and *not* responsible for inland freight; and FCA Named Place (International Carrier) where the seller *is* responsible for inland freight.
