

On the chart below, select the width and height that is either equal to - or the next LARGEST measurement than - your package's width and height. (For example, if your shipment is 16 inches high, choose 20 instead of 15.) The corresponding length within the matrix will tell you your MAXIMUM length given your package's dimensions.

737-200 Narrow Body Aircraft

Forward Cargo Compartment - 48W X 34H									
Aft Loading - Upright
