

On the chart below, select the width and height that is either equal to - or the next LARGEST measurement than - your package's width and height. (For example, if your shipment is 16 inches high, choose 20 instead of 15.) The corresponding length within the matrix will tell you your MAXIMUM length given your package's dimensions.

777-200 Wide Body Aircraft

Bulk Compartment - 33W x 44H						
Height	Width					
	5	10	15	20	25	33
40	169	169	154	142	133	123
36	169	169	161	147	137	121
32	169	169	169	154	143	133
4 - 28	169	169	169	162	150	137

U.S. STANDARDS -- UPRIGHT LOADING

FORWARD AND AFT CARGO COMPARTMENTS (large cargo door)

MAXIMUM PIECE SIZE: Forward Compartment, 101.9 in. W x 67 in. H Door
